Year 2 Uni-hoc Festival

Tuesday 7th February 2023

The NALC year 2 Uni-hoc festival welcomed 6 schools, with over 220 children in total. Wolborough, Haytor View and St Joseph's attended the morning session with 67 children and Bradley Barton, Canada Hill and Kingskerswell took part in the afternoon with 157 children.

It was great to see so many children taking part and for some, it was their first ever time they had been on a coach, so the day was full of new and exciting experiences!

The festival comprised of a variety of different activities based around Uni-hoc lead by NAC sports leaders. Activities included passing, dribbling, accuracy and target practice, attacking, team work and some competitive 1 v 1 and 2 v 2 games. Each activity lasted between 8-10 minutes and students rotated around 7-9 different stations.

It was fantastic to see year 2's fully engaging in all of the activities, having lots of fun and mixing in with other primary schools, making new friends along the way.
