Y5/6 Football League Fixture

The Year 5/6 football team continued their league campaign with a positive home performance against Canada Hill Primary School. The two teams contested a highly competitive match, with Kingskerswell unfortunately being on the wrong end of a 4-3 loss.

Kingskerswell were able to confidently play out from the back via Stanley (GK) and utilise our defensive pairing of Charlie and Lewis, who were often able to find Callum in midfield.

However, we were often unable to break down the opposition's strong defence. Despite Kingskerswell having a higher percentage of possession, the first half belonged to the visitors who created more chances and led at the half time break through two well worked goals.

Early in the second half, fresh legs were brought on in order to find a breakthrough. This resulted in Kingskerswell fighting their way back into the game with excellent pressing from the front three (Owen, Dain and Oaklee), who were able to find Sonny in space at the back post, who fired it home to only be trailing by one. This increased our belief of a comeback, with Kingskerswell starting to push for an equaliser, however this left us too open at the back and resulted in the visitors finishing off another two goals. 4-1 Canada Hill.

This meant a long way back for Kingskerswell to get anything out of the game, however fantastic resilience was shown by all to leave everything out on the pitch. Jacob confidently regained possession in the attacking half and was able to link up well with Harrison who brought the deficit to two goals. A great piece of individual skill from Harrison resulted in him bagging a second half brace. However, it wasn't enough with the match ending 4-3 to Canada Hill.

Despite the result, the pupils showed fantastic determination to fight back into the game and were a credit to our school.
