

# What will I find at school?

This is our outdoor area. After we have done the register, we have access to this space all day. There is a sandpit, building area, mud kitchen and lots of opportunities for den building.

These are our two classrooms (Koala and Crocodile). We have lots of construction toys, art and craft materials and pet fish and stick insects! Even though we are assigned to one classroom, after the register the doors open and we can use both rooms and the outdoor area.

This is our Key Stage One playground. We go in here with Years 1 and 2 at lunchtime.

This is our hall. We come in here for PE, lunch and collective worship.

If you have school dinners, we will be serving you each day.
